Male, 27 years

Mobile No: - 9631859648

Email ID :- deepakraj8298@gmail.com

## EDUCATION

### SPPU

Grad. IN Computer Science  
May 2020 | Maharashtra, India  
Sandip Institute of Technology & Research  
Centre  
NASHIK  
CGPA: 7.15 / 10.0

### J.N COLLEGE

Intermediate (10+2)  
May 2016 | MDB, Bihar

### DBCS

HIGH SCHOOL(10TH)  
Don Bosco Convent School  
May 2013 | JJP, Bihar

## COURSEWORK

### UNDERGRADUATE

Theory of Computation  
Operating Systems  
Database Management System  
Data Analytics  
Machine Learning

## SKILLS

### PROGRAMMING

JavaScript • Typescript • C#  
Familiar: Python • HTML • CSS

### VISUALIZATION

Familiar:  
Tableau • Jupyter Notebook

### DATABASE

MySQL • PostgreSQL • MSSQL Server

### TOOLS

Git • Linux • Mendix (Low Code Platform)  
Azure DevOps

### FRAMEWORK

Angular • Node • Bootstrap  
•ASP.NET Core Web API  
Familiar: Flask • Django

## EXPERIENCE

### INFOSYS | Technology Analyst

Aug 2024 – Present

#### PROJECTS

#### 1. Cornerstone

Key Tech. - Angular, ASP.NET, MS SQL Server

- Leading development of a Cornerstone project for centralized management of tender-related documents and deal tracking.
- Designing and implementing a full-stack solution using .NET Core Web API, Angular, and MS SQL Server.
- Building secure APIs to handle document storage, retrieval, and annotation workflows.
- Implementing intuitive and responsive front-end interfaces to display tender histories, deal insights, and annotations.
- Ensuring data consistency, access control, and optimal performance for enterprise-level users.
- Collaborating with cross-functional teams including UI/UX, QA, and business analysts to align deliverables with stakeholder expectations.

### ACCENTURE | Software Engineer

May 2021 – Aug 2024

#### PROJECTS

#### 2. MySolution Planner

Key Tech. - Angular, ASP.NET, MS SQL Server

- Led the development of Summary Dashboard for Estimates, Request Management, Meeting Tracker and Action Tracker for Reviewer/Approve resulting in a 30% increase in user engagement and improving overall user satisfaction.
- Received recognition for outstanding performance and contributions to the company's success.

#### 3. 360° Client Insights

Key Tech. - Mendix, ASP.NET, MS SQL Server

- Developed a Dashboard to Explore client performance, benchmarks against peers and inferences across value dimensions of Financials, IT, Sustainability, Talent, Inclusion and Diversity and others.
- Integrated third-party APIs and services to enhance functionality and user experience.
- Received Star of the Month for outstanding performance and Speedy delivery

#### 4. Vision to Value

Key Tech. - Mendix, Angular, ASP.NET, MS SQL Server

- Worked on multiple modules in this project.
- Integrated MS Graph for batch image.
- Integrated Client Insight module.
- Received recognition for outstanding performance.

## CERTIFICATIONS

### MENDIX RAPID DEVELOPER | MENDIX

### APPLIED DATA SCIENCE WITH PYTHON | IBM

### DATA ANALYST WITH PYTHON TRACK | DATACAMP

## AWARDS

Tech Star – 2024

Star of the month – 2022

Tech Expressway Merit Holder in MEAN STACK – 2021
